

## **Secretary Manager's Report**

As 2023 draws to a close, it is time to reflect on all of the activities that have taken place at the CGS Office over the past year. Every year, all of us experience ups and downs, accomplishments and set backs and livestock associations are no different. Individually, and as an Association we can celebrate our successes, and take the opportunity to reflect on the set backs and those things that did not go exactly as planned and use those moments as a valuable opporutnity to look for means for im-When I look at the short time I have provement. been with CGS I see cause to celebrate a number of achievements such as the accomplishment of the CGS by-law amendment proposal committee who came together this year to lend their time, expertise, thoughts and perspectives on a number of the CGS by-laws which were received by the CGS office and will be brought forward to the membership for consideration at this year's AGM. Processing all of the show report of awards, the \*M and \*P certificates, the Breeder awards and other awards available causes me to celebrate the individual accomplishments of many of the CGS membership. The move towards an electronic platform to distribute this Newsletter and other communication pieces is another step forward for CGS, and improving connection with the membership. Work has already started on the 2023 Yearbook and we are targeting a print date of late February 2024. In working with the bookkeepers and the auditing firm, work is due to start on the audit of the 2023 Financials on January 15, 2024. The New Year will be a busy, but exciting time for CGS and I am very much looking

forward to seeing what 2024 has in store for CGS and it's members.

No matter how you wish to register, we want to hear from you at the Annual General Meeting.

A full AGM package will be sent out to ALL members by e-mail or by regular mail depending on your preference in March .

## Notice of Change to the CGS Fiscal Year End

Approval to change the CGS fiscal year end from December 31st to August 31st has been approved by the Canada Revenue Agency. As a result, in 2024 CGS will be required to have two financial audits completed (one for the current December 31, 2023 year end and one for the new August 31, 2024 year end). Two AGM's will also be held in 2024; the March 23, 2024 event and a second event in November of 2024.

## MPORTANT

## HEALTH OF ANIMALS REGULATIONS **SECTION 153 TRANSFER OF CARE:**

The Transfer of Care (TOC) document helps ensure the humane transport of animals within Canada. Federal regulations require that transporters give the TOC document to the recipient of the animals before leaving the slaughter establishment or assembly centre. This ensures that there is no interruption in responsibility for animal care.

## The TOC document requires the following information:

- a) Condition of the animals upon arrival
- b) Date, time and place when the animals were last fed, watered and rested
- c) Date and time the animals arrived at the slaughter establishment or assembly centre

Once the TOC document has been acknowledged by the recipient, responsibility for care of the animals shifts from the transporter to the establishment.

## ARTICLE 153 SUR LE TRANSFERT DE GARDE DU RÈGLEMENT SUR LA SANTÉ DES ANIMAUX :

Le document sur le transfert de garde (TDG) aide à assurer le transport sans cruauté des animaux au Canada. La réglementation fédérale exige que les transporteurs transmettent le document sur le TDG à la personne recevant les animaux avant de quitter l'établissement d'abattage ou le centre de rassemblement. Cela permet de s'assurer qu'il n'y a pas d'interruption dans la responsabilité de la garde des animaux.

## Le document de TDG exige les renseignements suivants :

- a) l'état des animaux à l'arrivée;
- b) la date, l'heure et l'endroit où les animaux ont été alimentés, abreuvés et se sont reposés pour la dernière fois;
- c) la date et l'heure de l'arrivée des animaux à l'établissement d'abattage ou au centre de rassemblement.

Lorsque le destinataire accuse réception du document, la responsabilité de la garde des animaux lui est transférée.

## 2022 CGS Yearbook Updates

Thank you to all our CGS members who provided feedback on the 2022 Yearbook to help us make this a publication that serves you, better. A huge thank you as well to the CGS Directors who put so much time and effort into it's creation. We recognize there were some errors and omissions, and as a result we will be publishing the following information from 2022 in the 2023 Yearbook:

2021 \* P Awards, 2022 \*P Awards, \*M Awards for the Nigerian Dwarf herds who were omitted, West National Show LaMancha Junior and Senior Reserve champion, and the Advanced Angora Judges.

## **2024 Judge's Licensing Conferences**

Judges' Licensing Conferences are held once every other year with one being held in the East and one in the West. The Canadian Goat Society is currently accepting apllications for bids for both the East

and West JLC's due to take place in 2024. All bids for the East and West CGS Judges Licensing Conferences must be submitted in writing, outlining all the particulars to the CGS Office. The deadline for submission of applications to host a conference is **January 31, 2024**.

Applications for bids can be found on the CGS website <u>HERE</u>. https://www.goats.ca/shows/

## Tattoos and Showing - What to know before you go.

Showing is a great way to network with other breeders, to learn what Judges are looking for in the showring and to showcase your herd and breeding program. If you are new to showing, or even if you have been out of the showring for a while, there are a few important things to know about tattoos and showing.

1) Make sure your animal is tattooed before you arrive at the show. The CGS show rules prohibit tattooing while at a CGS sanctioned show. 2) Waiting until a day or two or even a week or two before the show to tattoo does not allow time for the tattoo to heal or the ink to dry and flake off. (And remember, when you submit the application for registration for your animal to CLRC, that animal should already be tattooed).

> If the animal is already tattooed, check the tattoo at home well in advance of

the show to ensure it is legible and that it matches the registration paper exactly. If a tat-

too is illegible, missing or not **exactly** as show on the registration certificate, the animal will be disqualified from the show. If an animal needs to be re-tattooed, you will need to request permission from CLRC to do so and time will be required to re-issue a corrected registration certificate. 4) At the show you will be asked to sign a Tattoo Verification form. In signing, you are acknowledging that your animal's tattoos are legible and that they match the registration papers exactly.5) Have fun. With a little preparation a head of time you can avoid dissapointments at the show.

## CGS YOUTH PROGRAM

2023 saw the launch of a new CGS program aimed

at acknowledging all of our junior members for the hard work and dedication they put into their animals.

The program has pathways that allows both CGS members and nonmembers alike to take part.

The first program is the Showman Awards Program which is open to both CGS members and non-

members. Under this program youth are awarded points for their placings in showmanship classes at CGS Sanctioned shows.

The second program is the Honour Roll Program which is open to CGS members only. Under this program points are awarded for participation in at least 2 of 3 CGS programs (show, classification, milk test). In order for points to be recognized, the youth

must have been the recorded owner of the animal

on, or prior to the date the animal acheived the scores/test results, or show placing.

Winners for each program will be chosen from each of the CGS Districts (District 1 - British Colombia, District 2 - Alberta, District 3 - Saskatchewan & Manitoba, District 4 - Ontario, District 5 - Quebec, and District 6 - Atlantic Provinces.

The deadline for submission of summary forms to the CGS Office for both the 2023 Showman Awards Program and the Honour Roll Program for this year is **January 19, 2024.** 

For full details on the Youth Program, the age divisions and to access the Summary forms, please visit the CGS website <u>HERE</u>. (https://www.goats.ca/cgs-youth-program/)

For the 2024 Show Season, CGS Youth Program packages and Youth Show Record Placing forms will be included in the packages for all CGS Sanctioned Shows.

#### **CGS Director Elections - 2024**

In accordance with the CGS by-laws, elections will be held in 3 Districts in 2024: District 2 : Province of Alberta District 4: Province of Ontario District 6: Atlantic Provinces

If you reside in one of these Districts and have a passion for the dairy goat industry and a desire to work together to improve the Society, consider letting your name stand in the 2024 elections. Dead-line for nominations will be June 30, 2024.

#### 2024 CGS Programs

Thinking of taking part in Classification, One Day Milk test or 305 Day Milk test program in 2024? Are you planning on applying to host a CGS santioned show in 2024, or are you considering the CGS Youth Program?

If the answer is Yes to any of the above, please check the CGS website in the New Year for the updated application forms. Need more information? Contact us at the CGS office: info@goats.ca.

#### Write it Down!

When purchasing registered stock, always make sure to have a bill of sale with the date of purchase, name, registration and tattoo of the animal, as well as any terms of the sale. Having everything in writing protects both the buyer and seller.

#### Warning

The Animal Pedigree Act, which is Federal law, specifies that the seller of an animal must provide registration papers transferred into the new owner's name, (and hands) within 6 months of the date of sale.
